Type are traced on reconcers from when thinkulanian course

People you don't know are strangers.

They're not always who they say they are.

Be nice to people like you would on the playground.

Keep your personal information private.

If you ever get that 'uh oh' feeling, tell a grown-up you trust.

Stay <u>S</u>afe

Don't give out your personal information to people / places you don't know.

Don't Meet Up

Meeting someone you have only been in touch with online can be dangerous. Always check with an adult you trust.

Accepting Files

Accepting emails, files, pictures or texts from people you don't know can cause problems.

Reliable?

Check information before you believe it. Is the person or website telling the truth?

<u>T</u>ell Someone

Tell an adult if someone or something makes you feel worried or uncomfortable.

Follow these SMART tips to keep yourself safe online!

Protection at Home

Although each PROVIDER is different most offer the capability to:

- Privacy Settings
- Provide Filtering
- Set Time Limits
- Get Instant alerts email or text alerts when your kids try to view blocked sites
- YouTube Filtering Monitoring Reporting

Technology Emergency Hotline: 0565488686

Email: it@easuae.com

Home and Family Guidelines

Practical principles •

- Talk with, NOT at your children
- Agree family guidelines and rules.
- Discuss regularly online safety.
- Have proportionate responses to problems. Young people will not talk about incidents if they feel their access to the technologies will be restricted.

Infrastructure

- Virus and firewall software up to-date,
- Browser 'safe search' enabled.

Education

- Learn together about new technologies and enjoy!
- Reflect together about new technologies, the benefits, dangers and potential.
- Keep webcams in family rooms
- Monitor time spent on the internet
- View the 'History' or purchase filtering software.

Systems

Incident Reporting

- Inform your children that if they see/feel/suspect any wrong doing on the internet or in the use of an electronic device, they should report the matter to an adult at home or their teachers or the Supervisor at the earliest.
- They can also inform the School e-Safety Officer by an e-mail through childwelfare@easuae.com
- Their information will be kept confidential depending upon the nature of it.

Summary

Become familiar with what children are using

Monitor what your children are viewing online

Try to engrain eSafety into children's everyday lives
